Filling in the form

Please fill in Group's code and Teacher's code before answering any of the questions. The codes consist of numbers separated with commas.

For an exemplary code 2,5,7,9,13; properly filled in code looks as follows:

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
---	---	---	---	---	---	---	---	---	----	----	----	----	----	----	----

If the class is taught by more than one teacher it is possible to fill in a separate form for each of the teachers. In that case, mark the box "Mark if more than one teacher" and code the evaluated teacher using the corresponding number given on the envelope.

Now you can begin answering the questions.

You can only give one answer to each of the questions.

Answers to the questions are given by filling in appropriate boxes with a dark pen (preferably black), felt-tip pen or soft pencil. It is extremely important to finely darken the centre of the box. 'Circling' the boxes should be avoided.

If you make a mistake it is advisable to take a new form and fill it in again without the mistake. Correction fluid can be used as a last resort.

Warning: Please do not write any extra comments on the form. Forms are digitalized by a scanner and processed by a computer. Any additional marks or comments can disrupt the scanning process. Due to this fact crossing out wrong answers is not advisable.
